

Modified Phase II Restrictions

The Modified Phase II water shortage restrictions are the Phase II restrictions, as set forth in Rule 40E-21.531, F.A.C., (attached), as specifically modified by the following terms:

A. Landscape Irrigation-Existing Installation

1. Under 5 acres of irrigated area

For entities which irrigate **both even and odd** addresses with existing landscapes less than 5 irrigated acres in size, water use for irrigation shall be permitted on Thursdays and Sundays and shall be restricted to the hours from 4:00 A.M. to 8:00 A.M. for all types of irrigation. No area may be irrigated more than 2 days per week.

Low volume irrigation shall be voluntarily reduced. Low volume hand watering is allowed from 5:00 P.M. to 7:00 P.M. Monday, Tuesday, Wednesday, Thursday, Saturday, and Sunday only as minimally necessary to prevent plant die off.

2. Over 5 acres of irrigated area

For entities which irrigate **both even and odd** addresses with existing landscapes 5 irrigated acres and greater in size, water use for irrigation shall be permitted on Wednesdays, Thursdays, Saturdays, and Sundays and shall be restricted to the hours from 12:01 A.M. to 8:00 A.M. for all types of irrigation. No area may be irrigated more than 2 days per week.

Low volume irrigation shall be voluntarily reduced. Low volume hand watering is allowed from 5:00 P.M. to 7:00 P.M. Monday, Tuesday, Wednesday, Thursday, Saturday, and Sunday only as minimally necessary to prevent plant die off.

3. Irrigation of bermuda turfgrass sports fields shall be restricted to the hours of 12:01 A.M. to 8:00 A.M. on Thursdays and Sundays. Irrigation of surrounding facilities not planted in bermuda turfgrass shall be irrigated as per the restrictions for the irrigation of existing landscape as stated in Rule 40E-21.541(3)(c)(1) or (2), as applicable.

4. For prevention of plant die off

Low volume hand watering of existing landscapes is permitted from 5:00 P.M. to 7:00 P.M., on Mondays, Tuesdays, Wednesdays, Thursdays, Saturdays, and Sundays only as minimally necessary to prevent plant die off.

B. New Landscape Irrigation

1. For entities which irrigate new landscapes, installed less than 30 days, and less than 5 irrigated acres in size, water use for irrigation shall be permitted on Mondays, Tuesdays, Wednesdays, Thursdays, Saturdays and Sundays and shall be restricted to the hours from 4:00 A.M. to 8 A.M. for all types of irrigation, except low volume irrigation. Low volume irrigation and low volume hand watering shall be voluntarily reduced.

2. For entities which irrigate new landscapes, installed less than 30 days, 5 irrigated acres and greater in size, water use for irrigation shall be permitted on Mondays, Tuesdays, Wednesdays, Thursdays, Saturdays and Sundays and shall be restricted to the hours from 2:00 A.M. to 8:00 A.M. for all types of irrigation, except low volume irrigation. Low volume irrigation and low volume hand watering shall be voluntarily reduced.

C. Nursery Use -Outside Water Use

Irrigation of nursery plants outside is limited to the hours of 2 A.M. to 8 A.M., 7 days per week. (b) Irrigation of nursery plants in containers of any size is allowed for stress relief during daylight hours, a maximum of 10 minutes per zone, 7 days per week.

D. Agricultural Use

Overhead irrigation of agricultural crops is permitted after 4 P.M. and before 12 P.M., 7 days per week. Irrigation of agricultural crops for stress relief is permitted for 10 minutes per zone, between the hours of 1:30 P.M. and 2:30 P.M., 7 days per week.

E. Diversion and Impoundment

1. Implement regional water delivery limitations and associated water allocation methods for diversion impoundment water uses within Service Area 1 and 2, within the Lower East Coast Region.
2. Withdrawals of surface water from regional surface water bodies or canals that are part of the Central & Southern Florida Flood Control Project shall be made in accordance with the supply side management protocol provided by the District. The supply side management allocation shall be made on a weekly time frame with the volume of water available for diversion being determined by District staff with consideration to the current and anticipated climatic conditions existing and projected demands in the existing and forecasted availability of water supply within the applicable WCA and Lake Okeechobee. Capture and recirculation of seepage losses within the permitted project shall be authorized to

the extent that they are not harmful to other existing legal users or the environment.

F. Miscellaneous

1. The watering in of individual cemetery grave sites to complete burial services shall be conducted via low volume hand watering only.
2. Filling of existing water based recreational facilities is allowed after repair or resurfacing.
3. Water served in restaurants shall only be provided upon request.
4. Rinsing of salt spray from vehicles in coastal areas shall be limited to 30 seconds per vehicle, one time per day. Low volume methods shall be used.
5. Non-commercial low volume pressure cleaning shall be permitted on Wednesday and Saturday for odd addresses or Thursday and Sunday for even addresses between the hours of 4:00 A.M. and 8:00 A.M. and on Monday, Tuesday, Wednesday, Thursday, Saturday, and Sunday between the hours of 5:00 P.M. and 7:00 P.M.
